## Teachers ratify, expect board OK

by GLORIA DAVIS

At a special meeting held at the Antioch High School on Nov. 1, 50 members of the Antioch High School Teachers' Assn. ratified their new contracts. This was the day after their old ones had expired.

According to Tim Noonan, head of the teachers' negotiating team, "Neither side got what they asked for but they came to an agreement that was satisfactory to both."

He added that "an outstanding majority had voted for the ratification."

And pay raises or additional benefits accorded the teachers in the contracts will be retroactive to July 1. The Oct. 31 date being the end of the 90-day-extension period.

A special meeting of the board of education has been set for Thursday, Nov. 8. The board is expected to also ratify the agreement made at another special meeting on Oct. 21.

None of the particulars of the contract will be released until the board approves ratification.

## Dist. 4 could hold election key

The nation, including residents of the Antioch area, will be watching television for the results of the Nov. 6 election, to see who the President of the United States will be in 1985.

Antioch voters will also be keenly interested in the way the vote goes in their own District 4 with one of the hottest races in Lake County, the one that has incumbents county board members Jim Fields, a home town boy, and Fred Popp, fighting to hold their seats against a strong Democratic challenger, Barbara Lumber who is trying to take one of their seats away.

Whether or not the latest political accusations involving letters written asking leniency for convicted drug smuggler Bill Haley, will have an effect on the Republicans because of the Chairman of the Republican Party Bob Neal's letter or whether the whole thing will boomerang back at Lumber because of the hiding of her husband, Jim's letter, is to be seen.

Long-time Republican U. S. Sen. Charles Percy seems to have the edge so far over his competitor Paul Simon because many of Simon's own Democratic party members don't like their own candidate.

Other races include the one between incumbent Democratic State Sen. Adeline Georakis who is challenged by Bob Gesiakowski for the 31st Legislative Senate seat.

U. S. Congressman Phil Crane is vying to keep his job against real estate man Edward LaFlamme of Round Lake.

Former Assistant State's Atty. Mike Duffy was waging a good battle against his incumbent ex-boss Lake County State's Atty. Fred Foreman until he got egg on his face by playing at a Nixon-type coverup in the "Haley Letters Revelation," by not revealing a letter written by his honorary campaign chairman Antioch Atty. James Lumber.

## Greatest Show stays right in Antioch

by GLORIA DAVIS

Have you ever wanted to run away and join the circus? If you have, did you have any idea how to go about qualifying for the job of a clown, a tight-rope walker or that daring young man on the flying trapeze?

Well, if you're still in the mood, Ed Sheehan, who has purchased the old Channel Lake Grade School, is the man for you to see.

He's busy right now doing some remodeling of the school that has been vacant for five years but as of April 1, he intends to have a full-blown circus school going there.

Sheehan, who was an elementary and high school teacher until he was 30 years old, has been involved in circus arts for the last 10 years.

As a superintendent in the Chicago Park District he was involved with the Kosciuszko Park Community Circus, a one-ring operation that appeared throughout the city and the State of Illinois.

In 1983 he became the director of the Windy City Circus which was incorporated as the "All Youth Circus."

He operated a circus school for two years in Oak Park before coming to the Antioch area.

The school, which has 87 students already, specializes in teaching high-wire walking, trapeze artistry, aerial ballet, juggling and trampoline work.

Lessons in "clowning" and applying clown makeup will also be available.

"Every year we send out a circus made-up of 26 performers to travel all over the U. S. from June through the middle of September," he said.

"There are at least 20 good-sized circuses, ranging from Ringling on down that are always crying for performers and workers," said Sheehan in discussing the Circus job market.

Anyone interested in signing-up for classes can do so by writing Ed Sheehan at the Windy City Circus Complex, 42189 Old Lake Ave., Antioch, 60002, Ill. or by calling (312) 395-4979.

### ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1984

The assessment roll of Antioch Township as certified by the County Supervisor of Assessments appears on Pages 10-14 of this issue of the Antioch News. Every property owner of Antioch Township should make it a point to check the amount of his assessment.

Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review Room 603 Lake County Administration Building, Waukegan, Illinois 60085. Property owners will have thirty (30) days from the date of publication within which to file a complaint regarding their assessment.

## Haley wrote for his brother

As soon as Robert Lindquist and Will Gers reported that they had not written the two letters supposedly from the Northern Illinois Conservation Club (NICC) and the 885 Civic Club asking for leniency for convicted drug smuggler William Haley, 43, Antioch, the matter was in the hand of the Lake County State's Attorney's office.

Haley told the executive board of the NICC at a meeting that he had written those letters in an effort to have his brother's impending sentence lightened.

Assistant State's Atty. Ray McKoski was given charge of the matter and is presently

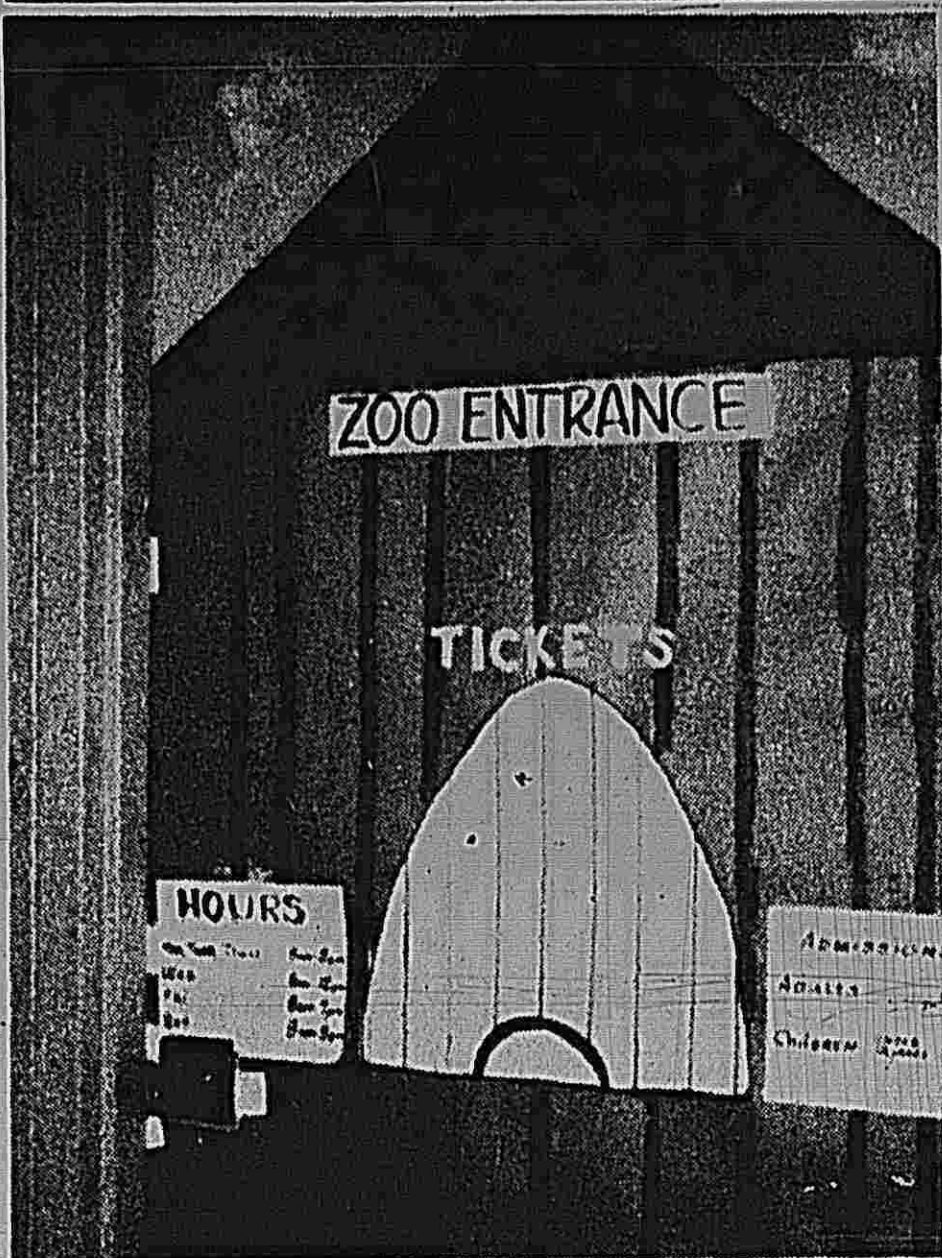

investigating the incident to see if any criminal charges can or should be filed.

There are two statutes that this might fall under but I haven't decided on an answer yet," McKoski said.

These were two of many letters sent to Florida Judge Richard Burk reportedly asking the judge for leniency in the sentencing of Haley, who had been convicted of smuggling dope into Florida.

Both Haleys and another brother are under federal drug connected indictments and awaiting a hearing in front of a federal magistrate.

### Schedule November activities

In addition to regularly scheduled programs, the Antioch Area Senior Center will have several special programs during November.

Seniors who are interested in learning the art of crewel are invited to meet with the instructor, view samples of crewel needlework and sign up for the class on Wednesday, Nov. 7 at 1 p.m.

A two-part workshop on the money saving process of refunding will be offered at the center at 11 a.m. both Nov. 7 and 14.

The Antioch Rescue Squad will offer a CPR class at the center on Nov. 20, beginning at 10 a.m.

Entertainment is planned for both Nov. 14, for which a trip is planned to Marriott's Lincolnshire Theatre to see the play Carousel, and on Nov. 28. On this date, a party will be held at the center from 1 to 3 p.m.

## Wis. woman cashes one welfare check too many

The Antioch Police arrested Margaret Moran, 19, Twin Lakes, at the Antioch Jewel Store on Nov. 1 as she was trying to make good in cash for a Wisconsin welfare check she had cashed at that store in August.

According to Lt. Tom Fisher, Wisconsin Social Services had charged that Moran had reported a welfare check issued to her in July as being lost or stolen.

That agency had then handed her a replacement check in person, informing her that she was not to cash the old check if she found it.

She did officially swear that she would not do so.

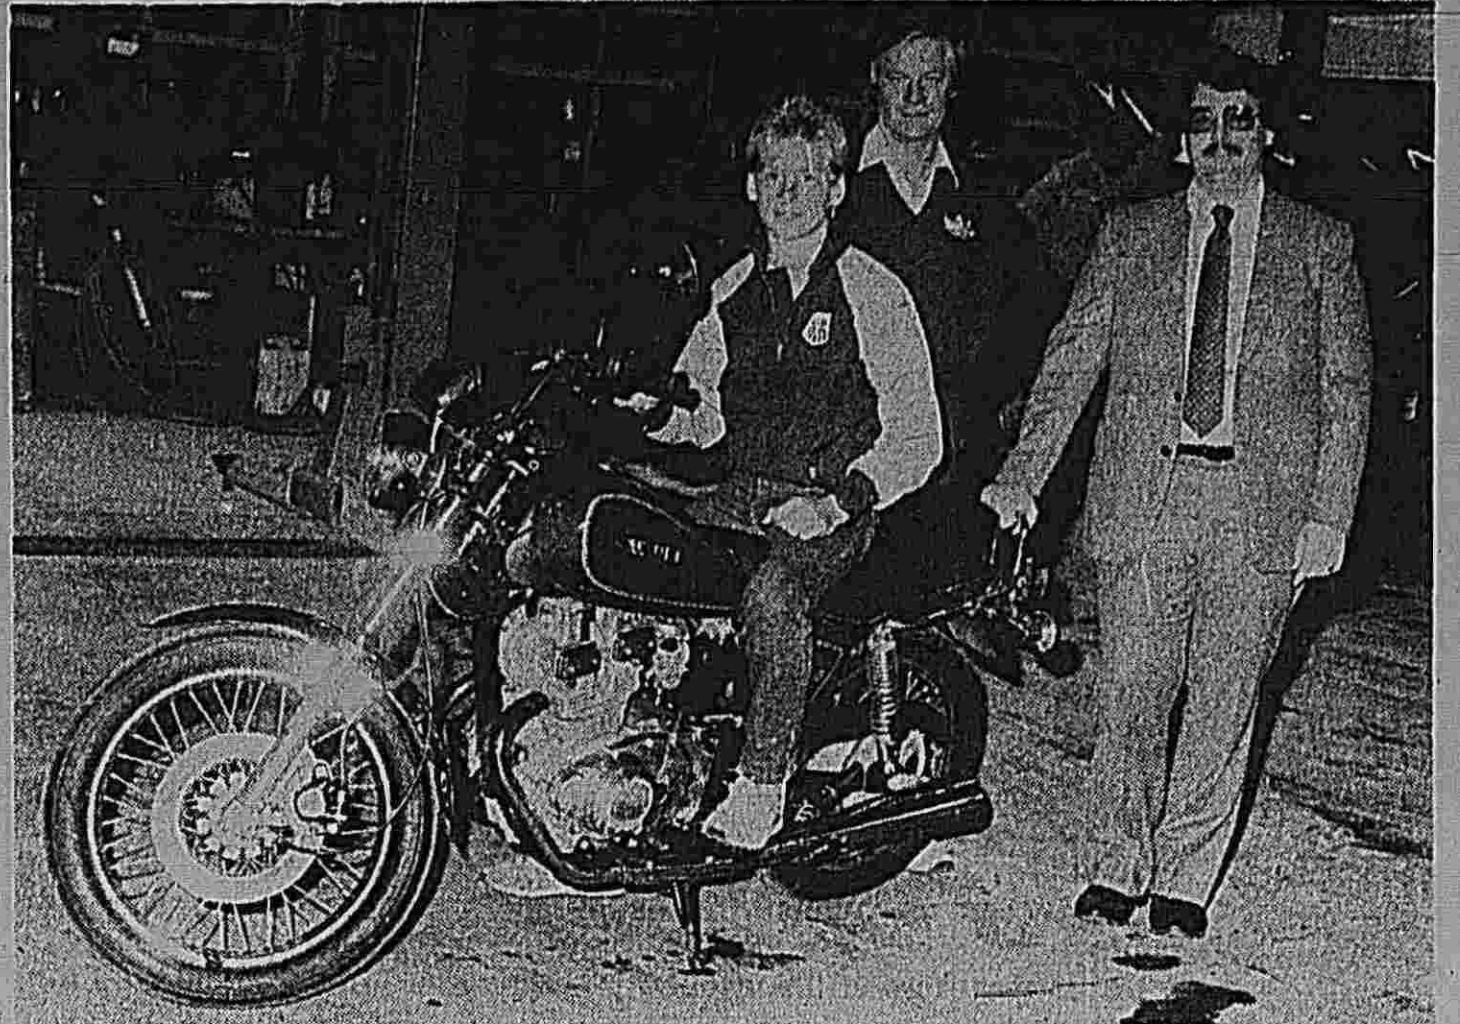

The social services claimed that she consequently cashed the replacement check and the original one.

Moran told social services that she had made a mistake and thought she was cashing "an energy check" when she cashed the original one.

Officer James Blackwood and Fisher made the arrest at 2 p.m., after Moran failed to appear at the Antioch Police Station on Monday, Oct. 29 as she had promised.

The charge filed against her of deceptive practices is a felony because the amount involved is over \$300. She was taken to the Lake County Courthouse where she was released on her own recognizance to return for a hearing at a later date.

Fisher said that there is a possibility that she will face charges from Wisconsin also.

### Maryland Bridge

The Maryland Bridge is a recently perfected substitute for traditional bridgework used to replace a missing tooth.

It has some noteworthy advantages. It doesn't require capping or removing tooth enamel to install. A new method and a special type of cement permit bonding bridgework to existing teeth. It is a painless process. It saves tooth structure and cuts down on gum irritation. The whole process is much less expensive than traditional bridgework and takes only two visits to complete rather than the usual multiple appointments. It is a commendable way to replace anywhere from one to four teeth.

## When I think about it Does our electronic world go with 'old fashioned'?

by GLORIA DAVIS

Every day more evidence that times are changing, probably faster and more furiously than any other time in history, comes to the fore.

I'm talking here in the small day to day living context.

As befits their positions and salaries, we'll let the Mike Roykos and Sidney HARRises editorialize on the vast important changes going on in the world.

For instance the haunting holiday just passed and I'm stuck with several bags of candy bars because "Trick or Treating" is out of style in the area I live in.

School parties are in and understandably so with the threats to children's safety increasing each year.

At first I lamented the fact that today's kids were missing out on the good old fashioned Halloween fun I had had. The thrill of approaching old man "Crab's" house just to hear him snarl at us, giving us the "right" to put logs behind the wheels of his car or soap his windows, maybe moving his yard furniture to another location a block away.

But on second thought, why should my grandchildren enjoy things the same way I did when the rest of their lifestyle has absolutely no resemblance to the way ours was.

Another thing happened on Halloween night that had me ranting and raving and calling for the good old days.

During the thunder storm the electricity went off for a minute or two. Now a few years ago the result of this would simply have been that all the electric clocks would have been two minutes slow.

My built-in alarm clock woke me at 6 a.m. to eight digital clocks that were flashing

11:30 p.m., a pot of cold unperked coffee that was on a digital time-set and a freezing house, because the electrical cut-off had the computerized, energy-saving thermostat all wacko!

And worst of all, I forgot to reset my VCR and I missed watching the recording of "Days Of Our Death."

But after I calmed down, my logical husband pointed out that the advantages of these mystifying devices far outweighs the few times that old fashioned Mother Nature wreaks havoc with them.

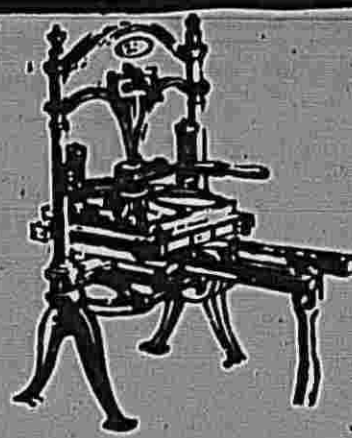

This from a man that threw a video cassette across the room the first time he tried to record a show on another channel the one we were watching. I didn't remind him that it took him three months to learn what buttons to push to get the messages on our telephone answering machine.

Actually I figured out that the biggest problem that modern technology has to deal with, ergo we have to deal with, is Murphy's Law.

Everything we use today, whether it be in our homes, at our offices or on the road, has so many more "helpful" devices built-in, the law of averages dictates that there are more "cans to go wrong."

So there's a chance that we should beware of things labeled "a good old fashioned," because maybe it will have little to do with our "new electronically fashioned" way of life.

Then on the other hand, look at the way the kids have adjusted to combining old and new likes. How else can you explain the popularity of the old Cabbage Patch Doll with the same kids that are into those monster super heroes.

## The Time Machine

FIFTY YEARS AGO: Nov. 8, 1934

Six persons were seriously injured when the floor of a barn owned by S. F. Schmitt collapsed during a barn dance. Burglars that ransacked the Antioch Mill left empty handed as no money had been left on the premises.

Donald Minto, Bernard Reuter, Warren Sheehan, Ward Wilton, Russel Fields, Richard Burnette and Otto Hanke were some of the Future Farmers of America planning exhibits at the sectional fall fair at Huntley, Ill. slated to be the largest expo to date.

With the outcome of the election for Lake County clerk leaving the candidates only 200 votes apart, and the two running for Lake County sheriff only 125 votes apart, candidates Russ Alford and Lew Hendee (clerk) and Lawrence Doolittle and Laddie Koziol (sheriff) were asking for a recount.

Mrs. Carl Anderson was heading the Red Cross drive in Antioch.

Armistice Day was still being celebrated no Nov. 11.

THIRTY YEARS AGO: Nov. 11, 1954

The Antioch Community Band was sponsoring a minstrel show with Bill Laddi serving as the interlocator and Dick Kaufman as a baritone soloist.

Sonya Pickus and Janice Hughes played a horn and clarinet while performing on Radio Station WKRS.

Experienced carpenters were being sought to direct the boys in laying the floor for the new Antioch teen center, The Wigwam, which was located above Reeves Drug Store.

Jim Stonis, JoAnn Haydon, Pat Hamlin, Bob Cain, Rosalie Morris and Don Cardiff were rehearsing the junior class play, "We Shook the Family Tree."

Hans von Holwede, former music teacher in the Antioch schools, was slated to give an organ recital for the Antioch Woman's Club.

The most automobile accidents occurring throughout the nation in one year were recorded in 1953, with 38,500 traffic related deaths recorded for that year.

TEN YEARS AGO: Nov. 13, 1974

The Antioch Shopping Plaza celebrated its 10th birthday.

Jeff Gutowski, son of Mr. and Mrs. Joseph Gutowski and Richard Whitton, son of Mrs. Ralph Whitton both completed the requirements for Eagle Scout.

Jim and Ethel Herman and Florence and Otto Hanke celebrated their wedding anniversaries.

Pres Reckers was finalizing plans for the annual Chamber of Commerce Dinner Dance.

Frank Pleviak was the only Antioch football player named to the Northwest Suburban Conference All Star Squad.

Katherine Walsh hosted the meeting of the Antioch Woman's Club.

## Along the way with ANNIE MAE

Russ fairchild wants to know something about Jim Fields whom he says wears the three hats of a businessman, the Antioch Township supervisor and a member of the Lake County Board.

When does he cut the grass?

Big correction!! In the Kamera Kwestions last week there was a typographical error. In the mock-election run at St. Peters School, Reagan won by 64 percent over Mondale's 36 percent.

Antioch servicemen doing well include Capt. James F. Maginot, Jr., son of James F. Maginot who has completed an indotration for medical officers at Sheppard Air Force Base, Tex.

Guess who's in "Who's Who Among Students In American Colleges and Universities," Michelle Morris, student at Northern Illinois University in DeKalb and Bob Herich who is attending Grand Rapids Baptist College and Seminary.

Barrette Schugart, a freshman at Iowa Wesleyan College in Mount Pleasant, is a member of the cast of "Feiffer's People," the school's fall theater production. She is a theater major and the daughter of Rosella Schugart of Antioch.

How about the way that Antioch High School teachers keep ahead of the progress game! Dan Mikal, biology teacher took part in a science teacher intern program at Abbott Labs.

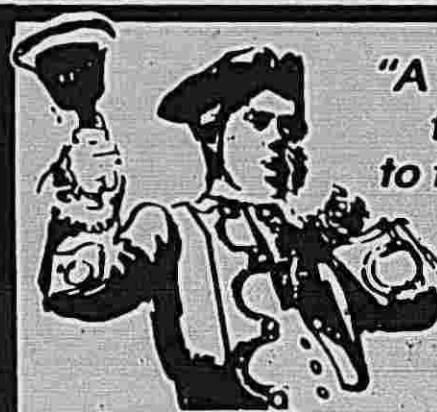

Congrats to the high school golfers for taking their conference, even though they didn't make it in the sectionals.

Antioch will sorely miss the services of one of its long-time favorite high school teachers Ken Smouse when he takes an early retirement.

Let's hope we still see a lot of Ken's dramatic work on our local stages.

Scouts  
hold  
dinner

Foggy, misty weather could not dampen the spirits of Antioch area Girl Scouts as they took part in their fall campout at Camp Happy Hollow in East Troy, Oct. 12-14.

Cadette level Girl Scouts from Troop 213 and Junior level Girl Scouts from Troop 1204 met the challenge of cooking all their meals over the campfire, despite the rainy weather.

To do this, they cut and dried their firewood and then started all their fires without the aid of chemical fire starters.

As a service project for the camp site, they built new fire rings, which entailed hauling new rocks to the site, as well as clearing the area.

Both day time and night time nature hikes were enjoyed by the girls. In addition, the Cadette level Girl Scouts worked with the Junior level Girl Scouts on compass work.

Cadette level Scouts taking part in the campout were Cathie Cramer, Kelly Doyle, Tami Glassner, Kristin Hettich, Melinda Jucha, Michele Stams, Denise Tonyan, and Dawn Vitek. Their leaders were Kathy Stams and Mary Ann Doyle.

Junior level Scouts taking part were Barbara Cavanaugh, Kristin Coyle, Deanne Dastic, Amy Houseman, Sheena Johnson, Gina Laplante, Jenny Leonhart, Laura Piskor, Krista Roed, Julie Stancil and Keely Wells. They were lead by Marilyn Laplante and Phyllis Zora.

## Sequoia in 10-7 defeat

by MIKE PRAMSHAFFER

The Antioch Sequoia varsity football team completed their 1984 season with a 10-7 loss at the hands of the Niles North Vikings.

The big play for Niles came in the first quarter when Viking running back Kevin Vanderhaegen ran 91 yards for a touchdown, giving the Vikings a 7-0 lead.

Niles increased their lead to 10-0 in the second quarter with a 26 yard field goal.

Antioch was unable to score until the fourth quarter, with 9:01 remaining in the ballgame.

An eight yard run by John Riedlinger and the extra point by Don Gunther allowed the Sequoia to pull within three at 10-7.

Antioch's last chance came with 1:30 remaining, but Gunther's 37 yard field goal attempt was wide.

The Vikings then ran the last 1:30 of the game out, and went home with a 10-7 victory.

"We moved the ball very good, but we just couldn't get more than seven points on the board," Steve Wapon, Antioch Head Coach said.

Antioch's only scoring drive was an impressive one at that, accumulating 60 yards on 11 plays, including a 21 yard pass from quarterback Mike DoBosh to wide receiver Don Gunther.

Wapon noted that the majority of the drive had consisted of runs by Pat Bruks and Riedlinger.

"It was probably our best running day offensively of the year," Wapon said.

Riedlinger gained 92 yards on 20 carries, while Bruks earned 89 yards on 23 carries. The Sequoia had 251 yards of total offense against the Vikings, 194 of those yards coming from the ground game, Wapon said.

"We played good defense throughout the entire

ballgame. It was only the one mistake (91 yard run) that hurt us," he added.

The Sequoia wrap up the season with a 5-4 mark, in a third place North Suburban

Conference tie.

"We have a lot of key people returning for next year, and the sophomores coming up should mesh and mix with the returners very well," Wapon said.

## Gillespies in sacred musicals

The Antioch Evangelical Free Church welcomed Todd and Colleen Gillespie as minister of music and organist respectively on Sunday, Oct. 21.

The Gillespies have recently moved to the area from Knoxville, Tenn., where they served a church of 2,000 as "Ministers of Music."

Graduates of John Brown University, they are both accomplished musicians. Todd pursued graduate work in music at East Texas State University where he was nominated for "Who's Who Among Texas College Students."

In 1971 he won the vocal scholarship from the Texas Federation of Music Clubs. He has performed both opera and oratorio, has presented several classical recitals, directed church choirs and ensembles, and taught private vocal and piano lessons.

Colleen's artistry touches both organ and piano. She has presented several outstanding organ recitals including compositions from Bach, Frank, DuPrez, and DaQuin. She has the unusual ability to sight read well virtually any piece of music.

Presently Todd is enrolled in the advanced studies program at Moody Bible Institute in Chicago. The shift from music studies to the intense graduate studies in Bible is a direct result of the Gillespies' strong desire to serve in foreign missions. At present the Gillespies have no idea how or if music will work into their plans for missions. Their sense of urgency for world missions supercedes their personal music ambitions.

Recently, the Gillespies have considered serving as

substitute parents for children whose parents are in remote tribal areas. If this possibility matures, they see their music adding warmth, creativity, and bonding in the mission home.

Radio broadcasting with a mission organization offers another possible place for their music, as does representation for a mission, whether here or abroad.

"Sacred music," said Todd, "should definitely not be a carbon copy of secular music. The ingredient in sacred music that makes it different is a redeemed message."

"Sacred music should always point us to God, focus our thoughts and intentions on Him; and, in response, we should give our affections to Him. Sacred music is different from secular music in that it is God-ward instead of man-ward," he added.

"I think the scriptural prerequisite in the job description of any minister of music ought to be what the Apostle

Paul cites in his letter to the Colossians; that is, that "the World of Christ dwell in him richly," Gillespie concluded.

The immediate goals that the Gillespies have for music at Antioch Free are numerical growth of the choir and spiritual growth that will create a family atmosphere among choir members. They will strive for excellence and commitment among choir members.

On Dec. 16, at 6 p.m., the choir will present a Christmas musical in conjunction with the Sunday School and children's choirs. The public is invited.

The Gillespies and their three children make their home in Salem, Wis.

## Why electric heat pump owners have second thoughts when the weather gets cold.

For people who bought electric heat pumps, cold weather can be bad news indeed.

Because heat pumps lose capacity as the outside temperature drops. At some point, usually right around freezing, they need help from a backup heating system. Usually, it's electric resistance heating, so you end up heating your home with one of the costliest heating systems just when the weather gets really cold.

In contrast, gas furnaces and boilers have no trouble coping efficiently with severe winters. Whatever the outside temperature, the new high efficiency models can continue to squeeze up to 95% of the available heat out of every cubic foot of gas. So you're getting maximum efficiency to minimize heating costs in bitter cold weather.

Another argument for a gas furnace or boiler is the cost of natural gas itself. Today, it's the least expensive fuel available in this area, and current forecasts indicate it will continue to maintain a strong competitive advantage for years to come.

If you're thinking about adding to or replacing your home heating system, we strongly suggest you go with natural gas.

It's the only way to be sure you won't be having second thoughts when winter comes to Illinois.

### Diabetes Screening

Are you over 40 years old, overweight, a blood relative of a diabetic, or a mother of a baby who weighed over 9 pounds at birth? If any of those characteristics fit you, you should participate in a free screening for diabetes offered by Lake Forest Hospital's Laboratory Nov. 12-17.

Diabetes affects 11 million Americans—one person out of every 20. But despite the magnitude of the disease, it's estimated that more than half of the people who have diabetes don't know it.

"Unfortunately, it's a widespread problem—there are a lot of people who have the disease but don't recognize the symptoms," said Dr. David Schimel, an internist at Lake Forest Hospital and a specialist in diabetes. "Symptoms like generalized fatigue and blurred vision can be signs of so many other problems that diabetes can go unnoticed."

You can find out whether you have diabetes by participating in a free screening program Nov. 12-17. Offered by Lake Forest Hospital's Laboratory, the tests will be conducted in suite 190 of the Hawthorn Place Medical Center, 1900 Hollister Dr., Libertyville. Testing hours are 9 a.m. to 4:30 p.m. Nov. 12-16, and 9 a.m. to noon Nov. 17.

Because participants must follow special dietary guidelines before taking the tests, interested persons are asked to pre-register by calling Debbie Wilson at (312) 680-1980.

## Nov. 16 opening night for 'Never Too Late'

PM&L's hilarious comedy "Never Too Late" open next weekend on Nov. 16 and will run Nov. 17, 18, 23, 24, 25, 30, and Dec. 1, at the PM&L Theatre 877 Main St., Antioch. Curtain time is 8:30 p.m. except on Sunday, Nov. 25 which is a 2:30 p.m. matinee.

No theatre group is complete without a good production staff, and PM&L is very lucky to have many hard working directors and people who love backstage work.

Director Mickey Mandel from Fox Lake has directed for Pullman Players and Heather Ridge Players but is at the helm for the first time for PM&L. She has acted in many PM&L plays and played leading females in "House of Blue Leaves" and "Cat on a Hot Tin Roof."

Veteran stage manager El Marie Beno

from Wildwood will make sure everything is running smoothly both on and back stage. Set designer and builder Hank Apostol from Antioch has again done miracles on PM&L's tiny stage.

Larry Bersie from Antioch is going from a lead role in "Oliver" to running lights for this show. Betty Smouse has again taken over publicity after a season's absence.

Don't forget to call for ticket reservations at (312) 395-3055 to be sure to have a seat. Mini-passes, good for three shows of the season, are available at the box office.

Dinner theatre patrons can enjoy a delicious meal and the show by getting a dinner-theatre package at the Village Pub (312) 395-3373 or at Struggles Restaurant, (312) 395-9400.

## Dist. 4

(Continued from Page 1)

Circuit Court Clerk Sally Cofeldt is being challenged by Democrat Phyllis Lucas, Lindenhurst, and mortician Richard Bradshaw thinks that he would be a "more professional" Lake County Coroner than his Republican opponent Barb Richardson who too over that office when Robert Babox left it to become the county sheriff.

Popular Lake County Judge Charles Scott is facing Democrat Ann Reagan who has been publicly criticized for her "sloppy trial record."

Democrat candidate for Lake County recorder of deeds is John Balen who has been campaigning against Republican Frank Nustra.

In the fight for the 62nd Representative Dist., it will be incumbent Republican Robert Churchill of Lake Villa against Democratic challenger Samuel Payne.

The referenda result that will be of the most interest to local residents will be the one concerning the consolidation of the Grass Lake and Lotus Schools. Most of the word from Lotus electors is on the pro-side. Although the Grass Lake teachers and the school board have come out for the merger, there has been strong vocal opposition from a large group of Grass Lake parents.

Well on the evening of Nov. 6, we'll see if "as Antioch goes, so goes America."

## ACHS to do musical

A rip-roarin', old-fashioned musical melodrama is the next production scheduled for the stage of Antioch Community High School (ACHS).

"Lady Audley's Secret", an authentic melodrama from the 1960's, has been revised into a musical by Douglas Seale with music and lyrics by George Goehring and John Kuntz.

A very talented young cast, under the direction of Ken Smouse, will present the show on Friday, Saturday and Sunday, Nov. 16, 17 and 18.

Curtain time for the Friday and Saturday productions will be 8 p.m. There is an early curtain for

the Sunday show at 7:30 p.m.

Starring in the ACHS production will be Wendy Fabry in the title role of Lady Audley, with Dave Ropa as her husband, Sir Michael. Kara Smith will portray a lady's maid forced into an unhappy marriage with Luke Marks, played by Ted Jennings.

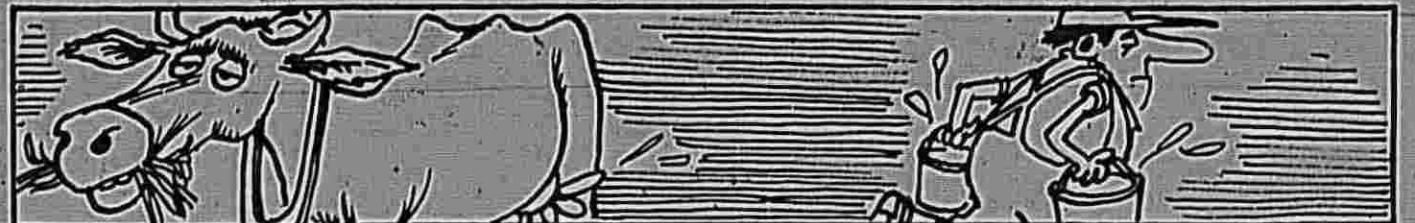

Alicia, Sir Michaels daughter by his first wife, performed by Sue Lopera, is in love with her cousin, Robert Audley, played by Christopher J. Waters.

Dennis D. Tracy, Jr. is featured in the role of George Talboys, a friend of Robert Audleys, who disappears under very unusual circumstances.

If this all begins to sound like your favorite soap opera it is certainly not just a coincidence, this is where it all started!

Supporting all this mayhem is a chorus of young men and women: Dina Byrd, Jenny Ellquist, Jenny Chesla, Christine Keuhn, Brendan Hannigan, Phil Fabry, Norman Pomrening and Mitch Young.

Heidi Reulbach is working as the stage manager of the show with Nicole Kapell as her assistant. Kapell also serves as assistant to the choreographer, Kris-Ann Hartnet. Clare Gilliland is the assistant to the director. Chris Lindberg is the music director.

ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1984  
OFFICIAL ASSESSMENT LIST:

This publication is the official notice to property owners of the 1984 changes in assessed value of land and improvements in the Township of Antioch. The 1984 assessments as published herein are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of the Township and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The Assessor does not make the rate; he merely finds the value of your property.

## EQUALIZATION:

The following printed assessments, as well as all other assessments in the Township, are shown at 33.33 percent of market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 0.9843 to all values except those assessed under the provisions of Secs. 20e, 20g-1, and 44.1 of the Revenue Act of 1939, as amended.

To determine the market value of your property, add the total of the land and total of the buildings and divide the result by 0.333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

## ARRANGEMENT OF LIST:

If you live in an **incorporated area** (city or village), your property is listed under the name of your city or village which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First — vacant property or improved property with no street number

Second — property with street number listed in numerical order (may be approximate)

If you live in an **unincorporated area**, your property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

## INFORMATION ON ASSESSMENTS:

Any property owner who has any question in regard to the assessment of his property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Exemptions or Veterans Exemption. Note that land value and improvement value appear separately and should be added together to arrive at a total assessed value. Certain of the values published will have been reduced by a Homestead Improvement Exemption, which under present law the reduction in assessed value could be as much as \$10,000 below the actual assessment. These values are subject to a State adjustment factor certified to the County Clerk by the Department of Revenue. Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review from June 1 to September 10, 1984, or until thirty (30) days after publication, whichever is later. Complaint forms may be obtained by telephoning 689-6609 or by written request to the Supervisor of Assessments, County Building, Waukegan, Illinois 60085.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Department, whose telephone number is 689-6373.

ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1984  
OFFICIAL ASSESSMENT LIST:

This publication is the official notice to property owners of the 1984 changes in assessed value of land and improvements in the Township of Antioch. The 1984 assessments as published herein are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of the Township and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The Assessor does not make the rate; he merely finds the value of your property.

## EQUALIZATION:

The following printed assessments, as well as all other assessments in the Township, are shown at 33.33 percent of market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 0.9843 to all values except those assessed under the provisions of Secs. 20e, 20g-1, and 44.1 of the Revenue Act of 1939, as amended.

To determine the market value of your property, add the total of the land and total of the buildings and divide the result by 0.333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

## ARRANGEMENT OF LIST:

If you live in an **incorporated area** (city or village), your property is listed under the name of your city or village which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First — vacant property or improved property with no street number

Second — property with street number listed in numerical order (may be approximate)

If you live in an **unincorporated area**, your property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

## INFORMATION ON ASSESSMENTS:

Any property owner who has any question in regard to the assessment of his property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Exemptions or Veterans Exemption. Note that land value and improvement value appear separately and should be added together to arrive at a total assessed value. Certain of the values published will have been reduced by a Homestead Improvement Exemption, which under present law the reduction in assessed value could be as much as \$10,000 below the actual assessment. These values are subject to a State adjustment factor certified to the County Clerk by the Department of Revenue. Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review from June 1 to September 10, 1984, or until thirty (30) days after publication, whichever is later. Complaint forms may be obtained by telephoning 689-6609 or by written request to the Supervisor of Assessments, County Building, Waukegan, Illinois 60085.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Department, whose telephone number is 689-6373.

ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1984  
OFFICIAL ASSESSMENT LIST:

This publication is the official notice to property owners of the 1984 changes in assessed value of land and improvements in the Township of Antioch. The 1984 assessments as published herein are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of the Township and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The Assessor does not make the rate; he merely finds the value of your property.

## EQUALIZATION:

The following printed assessments, as well as all other assessments in the Township, are shown at 33.33 percent of market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 0.9843 to all values except those assessed under the provisions of Secs. 20e, 20g-1, and 44.1 of the Revenue Act of 1939, as amended.

To determine the market value of your property, add the total of the land and total of the buildings and divide the result by 0.333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

## ARRANGEMENT OF LIST:

If you live in an incorporated area (city or village), your property is listed under the name of your city or village which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First — vacant property or improved property with no street number.

Second — property with street number listed in numerical order (may be approximate).

If you live in an unincorporated area, your property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

## INFORMATION ON ASSESSMENTS:

Any property owner who has any question in regard to the assessment of his property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Exemptions or Veterans Exemption. Note that land value and improvement value appear separately and should be added together to arrive at a total assessed value. Certain of the values published will have been reduced by a Homestead Improvement Exemption, which under present law the reduction in assessed value could be as much as \$10,000 below the actual assessment. These values are subject to a State adjustment factor certified to the County Clerk by the Department of Revenue. Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review from June 1 to September 10, 1984, or until thirty (30) days after publication, whichever is later. Complaint forms may be obtained by telephoning 689-6609 or by written request to the Supervisor of Assessments, County Building, Waukegan, Illinois 60085.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Department, whose telephone number is 689-6373.

# Ploss plays UW-Madison

John Ploss, Antioch, has been named to the basketball team for his fourth year at University of Wisconsin-Madison, where he is majoring in landscape architecture.

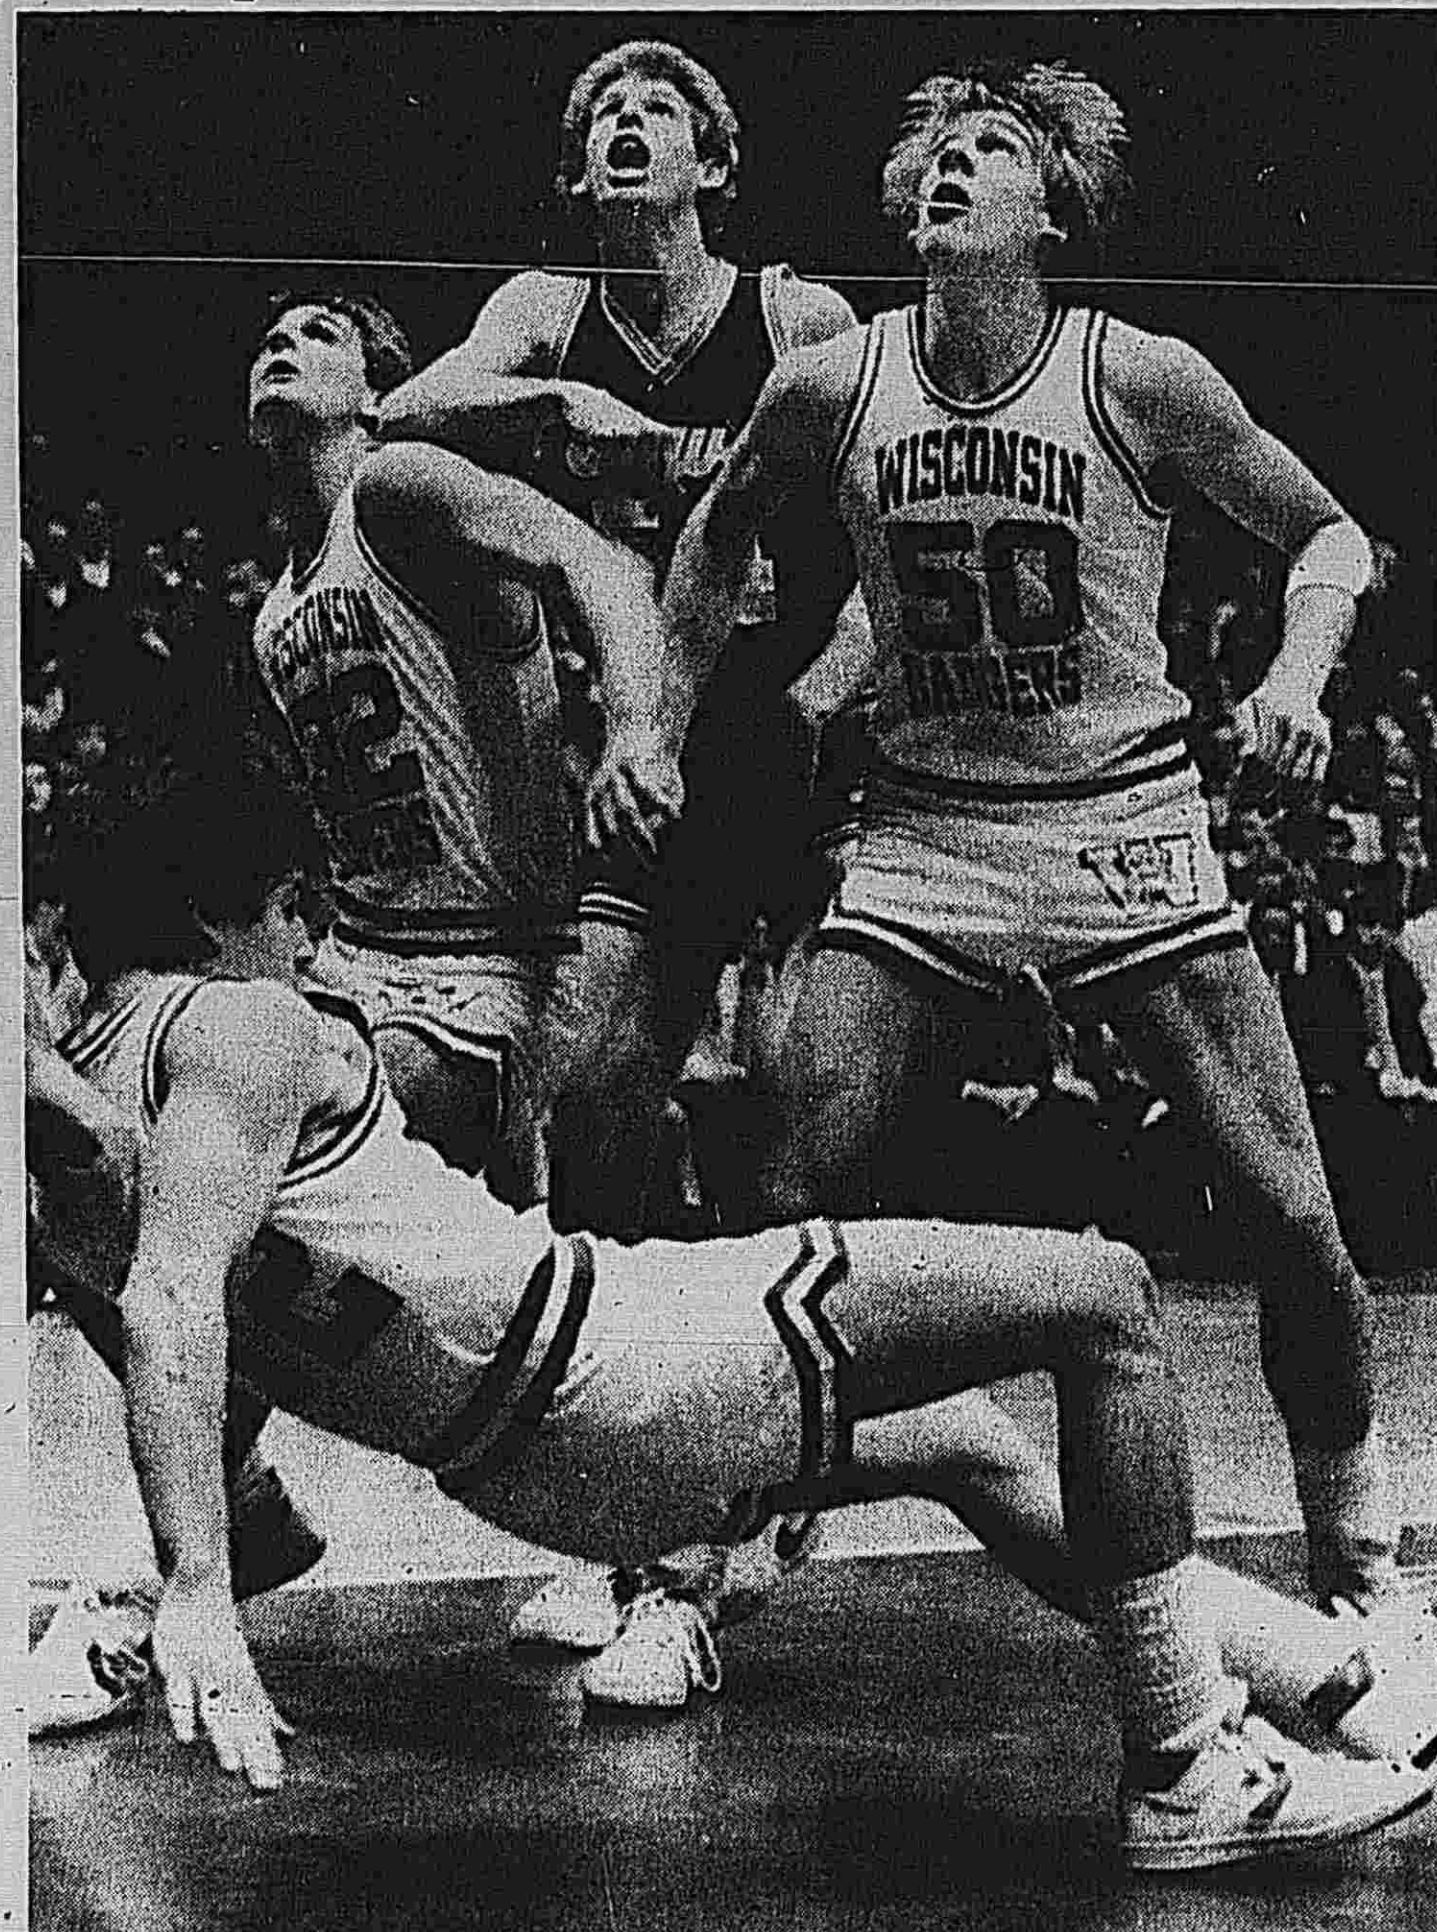

During his junior year at the school, he started in 21 of the 26 games in which he played. His career high for points in a game came during a February contest against Marquette.

He also was named Most Improved Player last year and averaged 2.4 points and 2.4 rebounds per game. His height of 6 feet 9 inches added much needed size in the middle, and coaches said he is an aggressive and strong player.

During his career at Antioch Community High School (ACHS), Ploss earned honorable mention all-state status after leading ACHS to an undefeated record in conference play and to the state tournament, his senior year. He averaged 27 points per game during high school and was selected the team's most valuable player.

The 1981 ACHS graduate also was named all-conference and all-county during his high school career. He was coached at ACHS by Roger Andrews.

UW-Madison opens its basketball season with a home game Sunday, Nov. 25 against Morgan State. Regular season play ends Saturday, March 9 against Northwestern at Madison.

**NAMED TO TEAM**—John Ploss, Antioch, (50) has been named to the basketball team at University of Wisconsin-Madison for his fourth year. He is a 1981 graduate of Antioch Community High School.
